PARALELNÍ POLIS

Paralelní Polis is a one-of-a-kind nonprofit organization founded by members of a contemporary-art group Ztohoven. The mission of Paralelní Polis is to provide the technology and education people need to participate in an independent society and protect their individual freedom. The vision of Paralelní Polis is a world where people have the opportunity to disengage from the state and live in a free society. Currently, there are four concepts united under the roof and brand of Paralelní Polis;

- Bitcoin Coffee club café,
- co-working space Paper Hub,
- Institute of Cryptoanarchy with its educational program,
- which is streamed online from our Stream Studio since March 2020.

The project intends to remain state-free as it operates entirely without support from the government, and most of the funds come from voluntary contributions of our donors and partly from our commercial activities.

PAPER HUB

Paper Hub is a co-working space where a community of freelancers, small teams or emerging startups can find a place to work. We make sure that they work on their diverse projects in an original and creative atmosphere.

Paper Hub is a co-working space where a community of freelancers, small teams or emerging startups can find a place to work. We make sure that they work on their diverse projects in an original and creative atmosphere. Open space is located on the first floor of the Paralelní Polis building.

On the ground floor are the private offices of the Small Hub and Mini Hub. Paper Hub is open on weekdays from 8am to 8pm.

The 24/7 space is located in the neighbouring building at Komunardů 28 and is connected to Paralelní Polis by a courtyard. There are two private offices of 16m² and 30m² and two shared offices, each for up to 8 people. Access to 24/7 is independent of Paralelní Polis' opening hours.

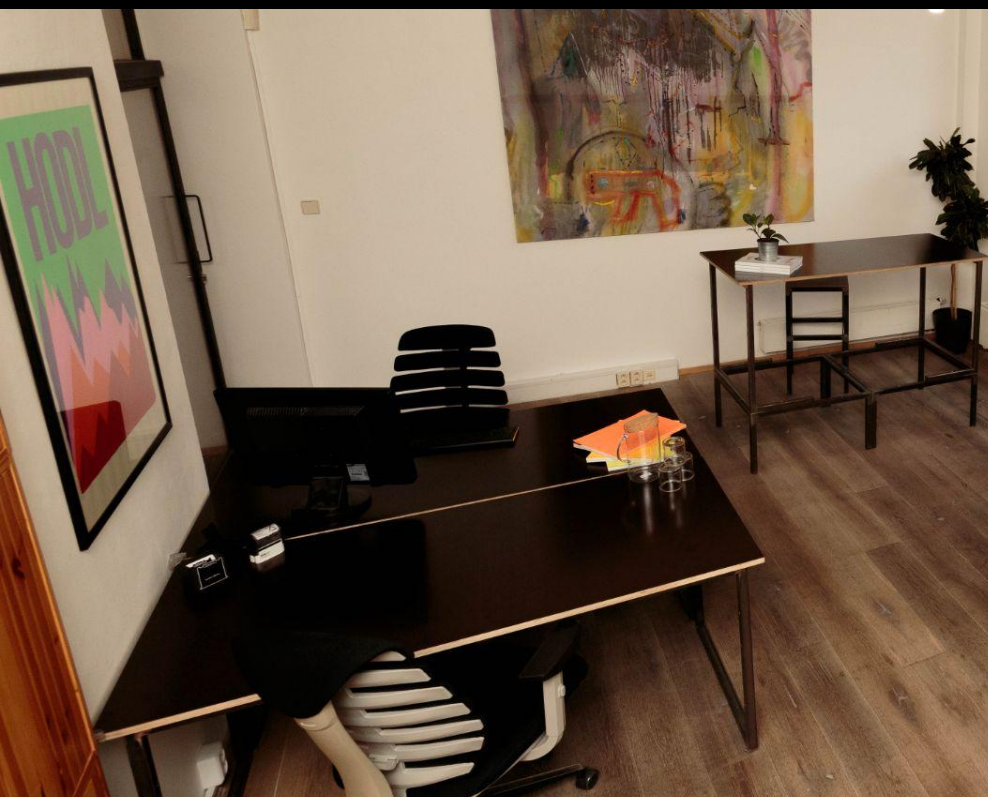

Like all concepts of Paralelní Polis, Paper Hub only accepts payments in cryptocurrencies - currently bitcoin and litecoin. It offers several types of flexible memberships to suit the needs of its members, so that everyone can choose their preference - from 8h per month in a shared office to their own fixed desk with 24/7 access.

BENEFITS

EDUCATION

Discounted prices or free admission to events organized by Paralelní Polis are a given. These include big international conferences like [Pizza Day Prague](#), [ETHPrague](#), or [Hackers Congress Paralelní Polis](#), as well as meetups and seminars on various topics.

If you're interested in developing the community, don't be afraid to say so! You can organize your own meetup, training, or even a ping-pong tournament! There are no limits to creativity and we are here to help you bring your ideas to life for other community members.

PAPERHUBSTER EVENTS

Once every two weeks we have a get-together where we can all relax, chat and have a great meal. Sometimes it's a barbecue on our beautiful terrace or a brunch to blow off some steam and concentrate better on work.

REFRESHMENTS

The Paper Hub is connected to Bitcoin Coffee, which is always available to you. You'll find a selection of specialty coffees, pastries, and a few days a week the best meals. As a member, you also get a discount on all consumption. We also serve our members fresh fruits on regular basis.

OTHER SERVICES

Take advantage of discounted personal consultations with our experts on topics ranging from accounting and tax to legal services and business coaching.
